

## **Key "Starting Back Points"-**

**1) Cyndi and I are STILL making Team Captain Phone Calls. If you have not been contacted yet YOU ARE NOT FORGOTTEN. If you are a Monday team - you are last because there would be no play on Memorial Day Monday. If you haven't been called yet from another night, well, there are 2 of us and over 200 of you. We are hard at work.**

**2) Divisions that have a 100% response rate by 5pm Saturday the 23rd will begin play next week. If there is a BYE in a Division and ONLY 1 team that is NOT ready to start back, then we will adjust the schedule so that the rest of the teams can start play. All other scenarios would cause the Divisions to not start until the week of May 31st.**

**3) We will be continuing the Spring Session where we left off and also adding a few weeks to the Spring Session. There will be NO Summer Session this year. There WILL be a longer Fall Session. We are still working on the calendar and do not have an exact number at this time. There are some teams that need to replace players and those players will need to get in their required Spring matches. Qualified Teams will need to meet certain requirements and approval by the National Office to replace players. IF you are such a team - CALL LEE at 256-476-6093 to discuss.**
