

# Wildcard Agenda

## Qualified Teams:

If you are in the playoffs, especially Round 1, please keep in mind that if you allow your opponents to win, they are the team that could put you out in World Qualifiers. Teams should be making every effort to Win...All the Time! In divisions less than 14 teams, only the Playoff Champions receive awards. In divisions w/14-16 teams the #1-point team receives awards and gets qualified. Winners of playoffs receive a berth to World Qualifiers.

Go to [northalabamaapaleagues.com](http://northalabamaapaleagues.com) under the World Qualifiers tab and read "What all qualified teams should know"

If in bottom 50% of your divisions-if not an acceptable reason, your team will be disqualified from world qualifiers, all bottom 50% teams should expect skill level increases if acceptable reason.

Spring Roster is the roster you take with you to World Qualifiers and Vegas. New Players must have 10, existing players 10 lifetime w/4 matches on the team during regular playing weeks (P/O Do not Count).

## Playoffs:
